# Traveling Abroad?

When you travel internationally, do you have the medical coverage you need away from home?Many travelers believe their domestic insurance plan will be enough when they travel abroad, but that may not be the case. Without the right plan, you may not be covered for an illness or injury. International Medical Group® (IMG®) has been offering insurance products to travelers and international citizens since 1990. We offer long-term and short-term coverage for U.S. and non-U.S. citizens, individuals and groups.

Whether you're moving abroad, traveling between countries or maintaining multiple countries of residence, we have a medical plan to fit your needs.
