Underwriting to Fit Your Needs

We have earned our reputation for excellence in the international community by maintaining the ability to be flexible and respond to our clients' needs. Understanding that everyone has a unique medical background, with Global Crew Medical Insurance we have developed multiple ways to administer coverage to you - including situations where you may have been declined by other companies.

Your application will be reviewed based on the full disclosure of your medical history that you provide.

- ❑ **Standard underwriting** - Standard underwriting provides the full **pre-existing conditions** benefit as outlined on page 8.
- ❑ **Exclusionary rider(s)** - With an exclusionary rider, we are able to extend coverage for your medical needs, with the exception of the specific excluded condition named in the rider. This allows standard **pre-existing condition** benefits for non-ridered conditions that may otherwise have been declined.
- ❑ **Flexible underwriting rider** - The flexible underwriting rider will allow us to extend coverage to you even if you have significant, ongoing and/or chronic **pre-existing conditions**. For a nominal annual administration fee, coverage is extended for a **pre-existing condition** following 24 months of continuous coverage, during which you are symptom, advice or treatment free for that particular condition.

For further underwriting information, please refer to page 8.

* For convenience, all amounts listed in this booklet are in U.S. dollars.

Pre-existing Conditions* - covered as provided herein

Global Crew Medical Insurance provides flexible underwriting methods so your application may be underwritten by Standard Underwriting or the Flexible Underwriting Rider.

■ **Standard Underwriting** - There are two levels of underwriting when all medical conditions have been disclosed and they have not been specifically excluded or restricted by a rider (*subject to the foregoing limits and the other terms of the plan* ❖).

The Silver, Gold and Gold Plus plan options provide a \$50,000 lifetime benefit for eligible **pre-existing conditions** that existed at or prior to the effective date, subject to a maximum of \$5,000 per period of coverage after coverage has been in effect for 24 continuous months. This benefit is payable whether or not you have received consultation or treatment for the condition(s) during the 24-month period of continuous coverage.

The following illnesses which exist, manifest themselves, or are treated or have treatment recommended prior to or during the first 180 days of coverage from the initial effective date are considered **pre-existing conditions** and are subject to the waiting period and other limitations of coverage described above: acne, asthma, allergies, tonsillectomy, back conditions, adenoidectomy, hemorrhoids or hemorrhoidectomy, disorders of the reproductive system, hysterectomy, hernia, gall bladder or gall stones and kidney stones, any condition of the breast, and any condition of the prostate.

On the Platinum plan option, conditions that are fully disclosed on the application and have not been excluded or restricted by a rider will be covered the same as any illness. Conditions, including any complications therefrom, that are not fully disclosed on the application will not be covered.

■ **Flexible Underwriting Rider** - Where you may have otherwise been declined for coverage, the Flexible Underwriting Rider allows us to extend coverage to you. After 24 months of continuous coverage, a disclosed **pre-existing condition** which has not been specifically excluded by a rider will be covered the

same as any other **pre-existing condition**, so long as in that 24 month period no treatment has been received for that condition. If treatment has been sought or should have been sought, then the 24 month period starts over from the treatment date.

Other Exclusions and Limitations ❖

■ Adult routine physical examinations are excluded under the Silver plan option, and for the first 12 months for the Gold and Gold Plus plan option, and for the first 6 months for the Platinum plan option ■ Out-patient mental and nervous is excluded for the first 12 months on all plan options ■ In-patient mental and nervous is excluded under the Silver plan option and for the first 12 months for the Gold, Gold Plus and Platinum plan options ■ Maternity, newborn and congenital disorders (unless the maternity rider or Platinum plan option is purchased - see the Summary Schedule of Benefits on page 6) *Note: all Maternity expenses including prenatal, delivery, postnatal, newborn and congenital disorders are excluded when the pregnancy is a result of fertility treatment even if you have Maternity coverage* ■ Organ transplants not specifically listed ■ Devices to correct sight are excluded under the Silver, Gold and Gold Plus plan options ■ Devices to correct hearing ■ Treatment or supplies not medically necessary ■ Treatment not ordered or received by a physician ■ Treatment by a relative or family member ■ Treatment as a result of war, riot or terrorism ■ Treatment resulting from illegal activities ■ Organized amateur or professional sports ■ Services and treatment eligible for payment by any government or other insurance ■ Investigational, experimental or research procedures ■ Routine foot care ■ Elective cosmetic or plastic surgery ■ Drug and alcohol abuse treatment ■ Speech therapy ■ Custodial care ■ Weight modification ■ Treatment of impotency ■ Contraceptive medication or treatment ■ Persons HIV+ at effective date

APPENDIX A

Pre-existing Condition Exclusion

Unless the coverage you purchase provides otherwise, there is no coverage for any Illness, Injury or Mental or Nervous Disorder that, with reasonable medical certainty, existed on or at any time prior to the Initial Effective Date of this insurance, whether or not previously manifested or symptomatic, diagnosed, treated or disclosed on the Application or on any Claim Form or otherwise. Pre-existing condition also excludes any chronic, subsequent or recurring complications or consequences associated with or arising or resulting from these conditions. Following are a few examples of how this provision may be applied:

Example of Illness Covered:

- Your effective date is January 1, 2013.
- You see a doctor on February 1, 2013 for abdominal pain.
- Your doctor diagnoses you with appendicitis.
- This condition began after the effective date of coverage and may be covered.

Example of Illness Not Covered:

- Your effective date is January 1, 2013.
- You see your doctor on February 1, 2013 for chest pain.
- Your doctor diagnoses you with angina (heart pain).
- A cardiac cauterization reveals obstructed coronary arteries.
- Coronary artery by-pass surgery is recommended on an emergency basis.
- A medical review of the case, including possibly an independent peer review, is conducted.
- The review concludes that the condition began prior to the effective date of coverage; this condition would not be covered.

Another Example of Illness Not Covered:

- Your effective date is January 1, 2013.
- You see your doctor on February 1, 2013 concerning a lump in your breast that you had never before noticed and had never before bothered you.
- Your doctor diagnoses you with breast cancer.
- A medical review of the case, including possibly an independent peer review, is conducted.
- The review concludes that the condition began prior to the effective date of coverage; this condition would not be covered.

These examples are intended to outline how the Pre-existing Condition clause applies to a given situation. Please keep in mind that each medical situation is different and will be handled accordingly.

This information summarized above is provided to help you understand various provisions of the coverage you are purchasing, and in no way represents all the provisions, conditions and exclusions which may apply. Please refer to your Declaration of Insurance for more details. The Declaration of Insurance is not an insurance policy. It is an outline of the insurance provided to you by the Master Policy identified in your Certificate of Insurance. It does not extend or change the coverage provided by such Master Policy.

Once again we thank you for the opportunity to serve your International Insurance needs.
