blanket exclusions for any pre-existing medical conditions you have had. The 'moratorium' refers to the fact that if, after 24 months of continuous cover under your plan, you demonstrate two consecutive years without symptoms or treatment, consultation, advice (excluding routine check-ups), medication (including injections), or special diet for a pre-existing condition (or any related conditions), then should you need subsequent treatment for that condition, you will have cover for it subject to the plan's terms and conditions. Under the Moratorium Underwriting option, many pre-existing medical conditions, where you need regular or periodic treatment, medication, or checkups, which existed prior to your purchase of your plan, may never be covered. This is because each symptom or treatment, consultation, advice (excluding routine check-ups), medication (including injections), or special diet for a pre-existing condition (or any related conditions) starts the moratorium again. Moratorium Underwriting is subject to an annual recurring, non-refundable administrative fee per Insured Person. If you elect this option, please proceed to Section 3. Option 2. Full Medical Underwriting Policy: You must complete a full medical questionnaire. Upon review of your responses and any additional information we require from you or your physician, we decide whether we can accept you for cover and any limitations on your cover. We then confirm any medical conditions that are excluded. Where cover is in effect for 24 continuous months under the plan, you are provided with pre-existing condition cover up to the annual and lifetime limits of the plan for eligible fully disclosed and accepted pre-existing medical conditions as defined by the plan and subject to the terms and conditions of the Policy Wording. This benefit is payable even if you have received consultation or treatment for the condition(s) during the 24 month period.
