You can greet someone in a foreign country in many ways. When you travel, stay safe and secure by saying hello to Student Health Advantage, a one-of-a-kind international medical insurance plan that brings you Global Peace of Mind<sup>®</sup> when you're traveling abroad.

GLOBAL peace of mind <sup>®</sup>

Benefits are subject to exclusions and limitations. This is only a summary and does not supersede in any way the Certificate of Insurance and governing policy documents (together the "Insurance Contract"). The Insurance Contract is the only source of the actual benefits provided.

Our focus on Service, Strength, and Safety Solutions provides you with the ultimate advantage: Global Peace of Mind.

You can feel confident with IMG knowing our industry expertise has led us to serve millions of customers worldwide since 1990. #### PHYSICAL HEALTH 💻

You can't plan when you get sick, and unfortunately, it can happen anytime and anywhere. Medical bills can be expensive, and IMG plans provide the cross-border medical coverage you need for unexpected medical care and routine visits.

#### MENTAL WELLNESS

Being away from your support system can be challenging. IMG provides access to mental health services, like virtual counseling, to help with the transition as you adapt to cultural differences, adjust to a change in education, and navigate new relationships while you're away from loved ones.

#### PERSONAL PROPERTY

There are some belongings you know you can't live without. IMG has you covered and can reimburse costs if your mobile device is lost, stolen, or damaged during your travels abroad.

#### CRISIS SUPPORT

Navigating an emergency in a foreign country is never easy. That's why IMG offers a multilingual staff of nurses, doctors, and case managers provide 24/7 assistance services to facilitate a response to urgent and emergency situations, such as evacuations or search and rescue missions.

#### FINANCIAL PROTECTION

Costs can add up while seeking medical treatment. However, access to IMG's international physician and provider networks and pharmacy discount programs can help you save on out-of-pocket medical expenses and prescription medications.

#### Why Student Health Advantage?

As an international student or scholar, the thrill of studying abroad is extraordinary. Your new surroundings are amazing and you're involved in new and exciting experiences. You're seeing and visiting places for the first time, while receiving the benefits of a long-term education.

Caught up in all the excitement, you may not think about falling ill or getting injured during your studies. ## How Does the United States Affordable Care Act (ACA) Affect My Coverage?

**Non-U.S. Citizens:** As non-resident aliens, international students, scholars, and people involved in cultural exchange programs on F, J, M, or Q visas (and certain family members) are not subject to the individual mandate for their first five years in the U.S. All other J categories (teacher, trainee, work and travel, au pair, high school, etc.) are not subject to the individual mandate if in the U.S. for two of the past six years. Since international students are not subject to the mandate, they are not required to purchase a plan that meets ACA requirements and can purchase the Student Health Advantage.

**U.S. Citizens:** Under the ACA, all U.S. citizens, nationals, and resident aliens are required to purchase minimum essential coverage (ACA-compliant coverage), unless they are exempt. Exempt U.S. citizens include U.S. citizens who reside outside of the U.S. for 330 of any 365-day period, or have a tax home (main place of work or employment, or if you don't have a main place of work or employment, your main residence) in a foreign country, and are a bona fide resident of a foreign country.

Please note that this insurance is not subject to, and does not provide benefits required by, ACA. Since January 1, 2014, ACA requires U.S. citizens, U.S. nationals and resident-aliens to obtain ACA compliant insurance coverage unless they are exempt from ACA (international students on F, J, M and Q visas (and certain family members of students) are not subject to the individual mandate for their first 5 years in the U.S. All other J categories - teacher, trainee, work and travel, au pair, high school, etc. - are not subject to the individual mandate for 2 years out of the past six). Penalties may be imposed on persons who are required to maintain ACA compliant coverage but do not do so. Eligibility to purchase or renew this product, or its terms and conditions, may be modified or amended based upon changes to applicable law, including AĆA. Please note that it is solely your responsibility to determine if ACA is applicable to you and the Company and IMG shall have no liability whatsoever, including for any penalties that you may incur, for your failure to obtain required ACA compliant coverage. For information on whether ACA applies to you or whether you are eligible to purchase the Patriot Exchange Program, please see IMG's Frequently Asked Questions at imglobal.com/en/client-resources/PPACA-FAQ.aspx. #### SHA CLAIMS PROCEDURE

#### Precertification

Certain treatment and supplies including hospital admission, inpatient or outpatient surgery, and other procedures as noted in the certificate wording must be precertified for medical necessity, which means the insured person or their attending physician must communicate with an IMG representative at the number listed on the IMG ID card prior to admission to a hospital before receiving certain treatments and supplies, or performance of a surgery. In case of an emergency admission, the precertification must be made within 48 hours of the admission, or as soon as reasonably possible. If a hospital admission or a surgery is not precertified, eligible claims and expenses will be reduced by 50 percent. It is important to note that precertification is only a determination of medical necessity, not an assurance of coverage, verification of benefits, or a guaranty of payment. All medical expenses eligible for reimbursement must be medically necessary and will be paid or reimbursed at usual, reasonable and customary rates. Please refer to the certificate wording for full details of the precertification requirements.

Contact IMG at **+1.317.655.4500** or **precertification@imglobal.com**. Please be sure to send any private information in a secure manner.

**Note:** You may begin the precertification process through MyIMG or the Client Resources section of imglobal.com. Simply look for the precertification option. You will be asked to provide the required information, which can then be submitted electronically. Once we have received all required information and medical records, our utilization management and review team will review the information provided and normally responds to the insured person or the provider within 2 business days. Please note that this online service will only initiate the process for treatment and supplies outlined in the contract, and it should not be used to request precertification for emergency admissions, procedures, or evacuations.
